## 1,186 Assisted Living Facilities Have Not Responded to Requirements in the Department of Elder Affairs Rule

**TALLAHASSEE, Fla.** – Today, Department of Elder Affairs (DOEA) Secretary Jeffrey Bragg announced that 1,186 assisted living facilities have not responded to requirements in Emergency Rule 58AER17-1. By October 31, all assisted living facilities were required to submit a detailed plan to DOEA or apply for a waiver. These facilities will be subjected to the fine of \$1,000 per day or license revocation beginning November 15 if they fail to come into compliance by the deadline.

Secretary Bragg said, "Anyone who ignores this rule is potentially endangering the lives of the residents whose safety and well-being they are charged with protecting. The Department will continue to tirelessly pursue the implementation of this important rule to ensure that our most vulnerable loved ones residing in assisted living facilities are protected during and after emergency events."
